# Introduction

This astrological forecast report is based on an astrological technique known as solar returns. The influences begin approximately on your birthday and last until the following birthday.

Your Solar Return Forecast Report begins on 17 December 2018.

## **Zodiac Signs on the Ascendant and MC, and the Ascendant Ruler**

The zodiac signs on the Ascendant and MC, and the house position of the Ascendant ruler at the time of the solar return are described below. Your social and career opportunities for the coming year are influenced by these signs and house placement.

*Solar Return Ascendant Aries :*

### **START NEW PROJECTS**

You will charge forth through life and propel yourself into unusual circumstances with some very mixed results. Your actions will be positive and direct, and you must keep all of your business and personal transactions as honest and straightforward as possible. Freedom and challenge keep you alive and active, and your thinking is clear but somewhat unchangeable once you get your teeth into something that gets you going. Perhaps you will share an excitement for mechanical endeavors, sales and publicity fields.

Once you are motivated to do something, you seldom hesitate to act. You tend to overestimate your abilities or the influence you have this year. For the most part you exhibit an informal approach to life this year, with easy, open mannerisms and an attitude. You will find difficulty in concentrating on what you are doing, but should do well in matters connected to neatness, with a high degree of organizational ability.

The weakness that you see in others makes you somewhat contemptuous because you would never allow that to happen to you. Therein lies your exposed weak point that the world can use to their advantage over you should it be uncovered. Your outward appearance is your strength, being leaders not followers as an inspiration for others.

Your creativity is "one of a kind" and if you have to see it through to a conclusion on your own, that's quite alright because you do your best work when you are left alone. It should be noted that you do not fit into the "social structure" of what everyone else does because you are self confident and others can follow your lead, not the other way around. You would do well in some new and exciting ground breaking situation, and leave the details to the detail people. You will be too busy coming up with the next brain-storm to be bothered.

Arrogance, lack of sensitivity & selfishness are characteristics that you should avoid this year, because somewhere down the line the reality that other people have the same rights as you will be quite evident. It will most likely come at a time when you are down on your luck, when that weak point of your own is revealed, and people will either be merciful or give you your just rewards. All people go through low points in life, even you, a fact that your arrogance cannot deny. Mars is the planetary ruler of Aries which is the planet of the mighty warrior. Are you a warrior without a country, or just energy out of control. When you get an idea, you act on it immediately and with such enthusiasm and lack of forethought that a favorable outcome stands a 50/50 chance of working out. Look to the house where Mars is located to see where you will use of this AGGRESSIVE energy.

*Ascendant is in Aries, Leo Decanate*

Ruled by the Sun, you will be very ambitious and very supportive of others. You love change for changes sake and a strong desire for self improvement. Be careful because pride can change into indifference causing conflict.

Ruler of Ascendant in 12th house

With the Solar Ascendant Ruler in the Solar 12th house, the things that you must do daily to maintain a spiritual and soul identity become a strong focus. The 12th house is related to secret enemies and the unconscious, as well as service to others, behind the scenes activities, as well as your retired and private life.

*Solar Return MC Capricorn:*

Since this is the most "visible" part of the solar chart, it represents how you are actually seen in the world by others. It represents your more outward or public face and where you are likely to encounter success, and your reputation in the world. Your goals involve money, your standing in the community and business

matters. You may appear cold to others but you have disciplined your life on a specific goal, and some of the veneer that has built up needs time to wear down some. Just the same be aware of your cool and fault finding side and learn to modify it for your own good.

With Capricorn on the Midheaven this year, difficulties can be encountered with authority figures or father figures feelings limited, restricted and unable to operate freely, or burdened with too many responsibilities. Career goals now will be strong, and jobs that offer the greatest security or position of authority over others will have a strong draw for you. Make sure that once you have achieved this position of authority over others, power doesn't bring you down in disgrace, and quite publicly.

Your approach to your surroundings is careful, cautious, conservative, self-restricted, and realistic. You are not known for taking risks or chances which will leave you on the short end of the stick. Spontaneous actions is not a part of your personality because you carefully plan each action and activity. People will find you doing the same things at the same time everyday, with an appointment calendar that is full and very well organized to gain full benefit of your precious time.

In business you are very clever and intelligent making careful choices and overworking to the point of fatigue. Asking others for their help does not fall within your realm of reality unless absolutely necessary and even then with the greatest reluctance. You work diligently to your goals of acquiring a position of responsibility and high office.

People see you as very serious, having no sense of humor, yet quiet and always in a state of contemplation. Gushy expressions of feelings don't register on the internal scale for you, you have no idea what it is for. You work so hard on building the outer self to deal with life, that you have lost some of the endearing qualities.

You aren't cheap, you are just a conservationist when it comes to the almighty dollar, and never let it get very far from your bank account. What you do spend on is items that will last a long time or secure investments.

## **Zodiac Signs on the Other House Cusps**

The zodiac signs on the other house cusps affect your attitude to many areas of your life, and have a significant impact on what kinds of opportunities and

challenges will present themselves in the coming year.

Taurus is ruled by Venus, and this placement shows a very fond affection for money and possessions. You will be very practical and down to earth making long lasting decisions of a lasting value. You will live within a structured environment living within your means, and paying cash as you go rather than getting into debt. You are able to adapt to a wide variety of points of view, and present arguments in a logical way. You will make excellent diplomats because you can converse on so many levels. Now there is a down side here, so you must be careful in your communication not only with the outside world but in your immediate environment, because your tongue can be like a double edged sword. Look to the house where Mercury is located to see where your interests can be found.

With this much ego energy located amongst all of this creative energy, constant pats on the back for a job well done are a necessity for you if you are to stay with a project very long. Otherwise, enthusiasm drops like a stone, and you are off onto something else. You will do more than your share of gambling, speculating and investing with a good amount of luck. Look to the house where the Sun is located to see where you might find your recreation and romance potential.

You will have a great concern for the physical body, health and diet. In your work routine, choose jobs that allow you to do research or work with details, as this is your strong suit. Since you are a perfectionist now, finishing tasks and jobs on time will be difficult, and you can be quite demanding in work and in personal life. Virgo loves to criticize everything and nit pick every detail, so you may need to give the world some space. Look to the house where Mercury is located to see where you might find work or service to others.

#### *Libra on 7th cusp:*

Relationships, partnerships, marriage, people you have close associations with, cooperation or lack of, contracts, and legal matters are all part of the seventh house, with Libra located here. You need peace, quiet, contentment, and harmony, but must learn to share with others. Venus is the ruler here, and love is her signature. On the negative side, you may become very lazy, avoiding love altogether. Look to the house that contains Venus to see how you will deal with partnerships. With Libra located on the 7th house, it is an excellent indication for marriage, but not the only one to be considered.

#### *Scorpio on 8th cusp:*

The eighth house deals with joint resources. Possessions that are not earned directly by you, but obtained through relationships, wills, or pensions. It also has to do with money belonging to others such as taxes, corporate money, insurance, and the stock market. The eighth house also relates to the mysteries of life and sex. Scorpio will have an influence on the above matters by bringing problems in

wills and joint money matters, stemming from secret behind the scenes actions or an inability to communicate about these issues. In matters of sex, the pure animal side is more in evidence than sentimental for you and gratification of your desires will be strong, frequent and extremely aggressive. Look to see which house Pluto is located in, to see where your joint money can be found.

*Sagittarius on 9th cusp:*

The ninth house is the house of long range goals and long distance travel. Religion, philosophy and higher education are ninth house matters. With Sagittarius ruling the ninth house, you will be the eternal traveler, adventurer and explorer. Look to the house where Uranus is located to see where you might find your friends, associations and group involvements and interests.

*Pisces on 12th cusp:*

The twelfth house rules the subconscious mind, problems arising from unseen causes, and limitations in our lives. This house has rulership over behind the scenes activities, emotional problems, secrets, deceptions, problems to overcome, the side of ourselves away from public view, where the soul can step back and take a look at the world around us. The twelfth house also has rulership over prisons, hospitals, and other institutions that would remove you from society. Pisces energy on the twelfth house indicates that you have a great deal of compassion and sympathy for others, but you will keep it hidden and to yourself. You are a dreamer and visionary, but expressing your dreams and visions is extremely difficult for you to do. The lesson here is trusting your intuition, but it will be a difficult one. Look to the house where Neptune is located to find that area in which you retire from public view.

# The Sun

The placement of the Sun in the solar return chart is very important and affects almost every area of your life!

## *Sun in 9th house:*

The Solar Sun is now in your 9th house. But what does the position of the Solar Sun mean to you and how will it affect your life this year? The Sun indicates where the greatest growth will take place during the Solar Year and how it can express itself through creative means, success and recognition in life, or where it can be best identified.

Travel, meeting new people who are somehow foreign or different from you are used to meeting, new interests in studies or knowledge, hobbies, metaphysical subjects, spiritual endeavors and legal matters (as outcomes) come under the rays of the Solar Sun this year. Look at the aspects to the Solar Sun this year to see what you can accomplish.

## *Sun trine Moon:*

The creative juices are flowing this year! What can you use that creativity on? Let your mind go free and experience something perhaps for the first time.

Don't be so easygoing this year that people take advantage of you unless you want them to, that is the only real danger this year. Romance and Real Estate matters are also favored.

Satisfaction with working conditions allows a better product to be produced and a more traditional type of entertainment will prove more satisfying to you in your off time.

## *Sun semisquare Venus:*

Uncontrolled romantic attachments and pleasure seeking may be all in vain and cost you a bundle in the process. Be careful not to smother people with affections, or let them get an emotional hold on you that you cannot break. Remember that affections will not be returned by others this year.

Emotional slights can cut like a knife even more so under this influence, so use caution in the remarks department. This year is notorious for overindulgence in

the social and sexual department. This isn't the best time for a party because you can easily go overboard in the food department leaving you with a refrigerator full of leftovers. Actually what is going on here, is a childish need for attention that desperately needs fulfilling in whatever form it takes. All interests this year will focus on being self centered, so deal with it however you have to.

*Sun square Mars:*

Avoid crowds and irritating people this year because tempers will be hotter than normal and impulsive and intense actions as well as some aggressive attitudes will be in evidence.

You are just looking for a fight this year, but are you prepared to pay the price for your quarrelsome nature. If you are looking for a perfect time to separate from a loved one, this is it, and this will prove to be a difficult year for romance and gambling. You may have an illness or headache that develops this year to contend with. The Solar Return Sun is always hot and when it reaches Mars (ruler of the head and house where it is in the natal chart) it makes it hotter and natural temperatures and tempers rise.

*Sun trine Uranus:*

The wheel of fortune can easily bring possibilities for advancement, or a desire to learn something new. This is a great year for a second honeymoon and this year favors buying or playing with some new electronic gadgets or toys. Wonderful creative insights can fill your head this year, so try and use them for your own advantage. Social activities increase and whatever you tackle should work out very well.

This is a wonderful influence for a family gathering and the grasping of new ideas will be very easy for you this year. A time of increased popularity has found you and exciting adventures can be experienced. Some mild speculations can be rewarding as well.

Romantic encounters or relationships that start this year are guaranteed to be ELECTRIC in nature. Some sort of sudden turn in your life can easily occur that will have you looking at things in totally new ways. You may suddenly decide to move or change your vocation. Creativity is blessed with new concepts, ideas and form.

*Sun quincunx Node:*

Don't expect communications to be easy with the rest of the world this year. A withdrawal from social activities can be expected. Problems with the nervous system can develop and physical exercise may be the key to relieving the

tension.

Relationships between men and women will not do well and creative endeavors should be left alone, for a more fortunate time. You may want to be a leader, but the timing is very wrong.

## The Moon

The placement of the Moon in the solar return chart affects emotions, moods, domestic affairs and relationships with women during the coming year.

### *Solar Return Moon in 1st house:*

The Solar Moon is now in your 1st house. The Solar Moon rules your emotional needs and the specific houses show where your needs will lie and be met for the next 12 months. The Moon shows where significant changes will take place during the year, and where relationships are formed.

There is a greater sensitivity to your immediate surroundings this year. Feelings are rather fragile and you can be easily hurt. Remarks made by others whether intended or not can leave permanent scars on our delicate emotions. The down side of this placement is that there is a tendency to get lost in the world of our own feelings and take things much more personally than at other times. It is the same old story, what do we do when we are emotionally upset? One of three things. We go on buying sprees, lose our tempers or we eat, of course!

Avoid making any decisions on impulse alone wait until this phase passes and then reevaluate your thinking. If we look deep inside to our sensitivity, we might be able to see the needs that others have as well. If the Solar Moon faces stressful aspects while in the 1st house, there can be some ego confrontations with others or family problems can arise.

### *Moon sesquiquadrate Jupiter:*

If there are people who try to restrict you this year, rebellion will be your reply, and a feeling of superiority over others and snobbery will not sit well with others. Confrontations with others of an emotional nature is a strong possibility. If people would just leave you alone, you would be just fine. Your generosity may go

unappreciated or taken for granted. Money matters are not supported with this energy, and luck may not come your way in speculative ventures.

*Moon conjunction Uranus:*

This year will exhibit an unstable emotional nature, and actions that are not thought out or impulsive can get you into trouble this year. You can work best with this influence if you incorporate self discipline and concentration that will not be your forte.

Nervous responses to your environment can spark buying sprees. You may buy something new that you really don't need, most probably something electronic, electric or computer oriented.

*Moon square Pluto:*

Emotional issues will be charged creating some very negative conditions. Do not become involved in the jealous reactions of others or those feelings within yourself. People around you will appear unresponsive to your advances, and distant emotionally. You will be much more independent and rebellious to others in your environment, and separations, alienations and withdrawing from society can occur. Health wise you may experience an increase in nervousness, emotional stress and compulsive behavior.

*Moon square Node:*

Emotional problems can interfere with professional and domestic matters this year and this is an UNFAVORABLE time for real estate transactions, domestic or business purchases and for professional or family dealings that involve women or the public.

## **Mercury**

If Mercury makes a harsh aspect while in the 8th house, secret investigations may reveal something about you, or there may be someone investigating you. Financial plans may need to be re-evaluated as well.

#### *Mercury conjunction Jupiter:*

Mergers involving insurance companies or investments are favored as well as merchandising, buying and selling. Rewards and appreciation can come through raises and partnerships. Interests shared with others are in complete harmony.

There can be delusions that you can never be wrong in what you strive for, but please remember to consider others in all matters.

A year for making long range plans and talking together. Remember that Jupiter expands what it touches. In this case it touches the communicative side of our nature.

#### *Mercury SemiSquare Pluto:*

A danger of this year is forcing your point of views on others, or just coming on too strong with your opinions. If you handle it diplomatically however, you can enlighten people around you with your views that shed light on an issue. Compulsive thinking this year can cause confusion and a serious frame of mind. This is a difficult time for business and no contracts or agreements should be formulated.

Conditions are right for fraudulent misrepresentations and the possibility for THEFTS or misunderstandings is very high. This is a good time to avoid people trying to sell you anything over the phone. News concerning the death or end of a project, business or financial agreement or arrangement can occur.

A favorable year for marriage, affection, new love relationships with commitment, close friendships, business, feeling attractive and dealings with women. Social life picks up again and expressions of affection come very easily. If you are looking for a wedding day, try to find one that takes place during this year. If Venus makes a harsh aspect while in the 7th house, relationships will be taken for granted or spend too much time in social surroundings.

*Venus Semisextile Jupiter:*

A strong attraction to all things that are beautiful exists this year. Take someone out to a candlelight dinner, or if you are an artist or compose or play music, this can be a very creative and inspiring time for you. Long distance journeys and dealing with people at a distance is highly favored and the ideals of people around you will be easier to understand. The sharing of philosophies of others is favored.

You are in a very content state of mind, and favors business, finance, foreign investments, medicine and law. Legal matters decided this year will work out quite well and new friendships can be stimulating and wonderful. Rest and recuperate rather than work if you can, as this is a rather lazy time.

*Venus sextile Saturn:*

Pending deals can this year be finalized with profits this year and you will be more cautious than usual in your dealings with others. Benefits can come through older people and in your daily routine, use old business standards rather than employing new ones. Progress in financial dealings is an important outcome of this time period.

New love relationships started will be with someone much younger or older than yourself and you will be more willing to make sacrifices for the sake of others as well and you will take your duties and responsibilities to others very seriously.

A positive side of this energy is the ability to purchase items from a standpoint

of only what you need and let the luxuries of life wait until another time. Balance the books and budget your funds to keep your life in check. You are able to be more controlled in your affections, putting your emotions on hold.

*Venus trine Neptune:*

Harmony in relationships is indicated by this year, so use charm as a tool to get what you want. Soul connections with others will be very strong and powerful and you can experience a strong psychic rapport with others in your environment.

Visionary business practices pay off very nicely, so introduce new ideas to someone, they will be well received now. There will be a strong intuitive awareness of other peoples' moods and feelings that will be very much on target.

A time of secretive and behind the scenes activities fills this year. Secret enemies may arise to be dealt with or occult and metaphysical subjects can be investigated and utilized. Hospital procedures, self undoing and charitable

endeavors also come with this year. Energy and vitality will be at a low point and you require rest and a placid environment. If you are experiencing difficult aspects, you may have to take the blame for something you are not responsible for, become involved in secretive activities, or be sought out by secret enemies.

#### *Mars conjunction Neptune:*

Discrimination will be needed in all business practices and transactions to avoid dishonesty and difficult challenges face you for now. Prayer and meditation will be helpful, but spiritual confusion may develop. Avoid any form alcohol and drugs now as they can have an adverse effect on your body and you will notice that your energy will be lower than normal. Avoid caffeine and any stimulants that can upset your inner workings as well.

You may find that others have been lying to you, but try not to hurt others because you are hurt, or because you have to hurt others first. This is an auspicious time for travel and adventures.

#### *Mars sextile Pluto:*

Encounters open a wider circle of colleagues to you this year and renewed commitments of love can be undertaken. Insights into love can occur that are quite profound and strong attractions to the opposite sex will be felt. Marital relations can find their beginning now, and if at all possible, give flowers to someone special. True love can be found somewhere close by you, and remember that "Love will conquer all" is the theme of this influence. Those of sad heart will be much happier than in the past this year.

Thus is a time of sexual stimulation which should be quite exciting and there will be a greater tolerance for others and is a virtue which should be exercised at every opportunity. Those projects that you have been working on for so long can pay off now, and working with people or groups of people in some sort of structured unit has the greatest chance for success. Foundations for heavy responsibility go along with events now, but take note that as soon as this influence is over, it will become very quiet in your life. Consider the time that follows a giant tranquilizer and use it to take some time off for rest.

You will achieve the greatest success by using the middle of the road approach, and long range business and financial matters look good. Opportunities can be gained through hard work and expect some growth potential from business, professional or educational pursuits.

This is a super time for friends and social get togethers which may involve authority people or older people than yourself.

Progress can be made in business, career, or your education, but make sure to make honesty your guideline in dealings with others, especially in business. Opportunities may come to you from authority figures or people more mature or older than yourself.

In matters of love you will be more optimistic than usual but mixed with an equal blend of caution.

The concentration needed for any application will not be with you, as there is too much confusion in the air. Relationships that have been suffering can separate or divorce completely, and abuses in drinking and drugs is high, so please be careful. You may experience emotional dependencies on other people as well.

You can easily be swindled by someone this year and it will be very easy to overextend your credit cards. Another influence is swindling or being swindled by others, then again you may find yourself being manipulated by others. Do not get involved in any get rich schemes while you are under these effects or get involved with any cult groups. Your thinking mechanisms aren't in place.

Business expansion is favored this year, and self confidence can be a real asset to you. Others may look to you as a leader for their causes.

Financial gains are likely and you are not likely to squander it on useless items. This is an excellent time for buying or improving your home and also favors politics, publishing, teaching, lecturing, religion and law. Support can come from people in authority or somehow connected with the government.

## Saturn

The placement of Saturn in the solar return chart determines where you will encounter obstacles, difficult lessons, and where discipline will be needed in your life during the coming year.

*Solar Return Saturn in 10th house:*

Saturn is in your 10th house this year. The purpose of the planet Saturn is to teach us and help us to mature in the houses associated with Saturn. The stronger we resist these changes, the stronger the effects will be felt until we submit to a more structured way of life. Saturn brings with it obligation, commitment, responsibility and a more serious demeanor. An increase in work, self control and discipline, as well as disappointment and delays, matters from the past returning, people in authority or government agencies.

If you have always wanted to be a leader somehow, this year is an auspicious time to take charge but remember it can also be a time for disasters. Sudden changes should be expected in status and reputation and promotions and recognition as well as increased responsibilities can occur. You will be working with older people, groups or business contacts rather than new age types. If Saturn makes a difficult aspect while in the 10th house, then difficulties with authority figures, governmental agencies, parents and employers can be encountered.

*Saturn square Asc.:*

Being around people and social situations will make you very uneasy now and you will prefer your own privacy to feel secure. You can easily be disappointed by others this year or suffer some arthritic conditions, problems with the knees and find that your teeth are more sensitive, fragile and can break quite easily.

Heavy burdens may plague you during this time and this is a period of fleeting depression because of responsibilities that have taken their toll. This is a difficult time to connect with others in a friendly and gracious way because it will seem that the universe has put a "block" between you and the rest of the world.

Relationships can undergo tests that will either make it stronger, or break it. Work and personal demands can prove taxing and frustrating, and walls can form between two people. Cold and unsympathetic attitudes to and from people in your surroundings can occur. Negative people seem to find you making your attitude negative and your energy and vitality are on the low side, so schedule time for some much needed rest.

Responsibilities may be laid on you to take care of others or lawsuits and legal difficulties can arise and have to be attended to this year.

*Saturn conjunction MC:*

A time of increased responsibility and paying attention to your duties has arrived. Your ambition for status and security will be high and fame and recognition can come for work done both positive and negative.

New starts in your career can take place this year, and avoid taking the shortcut in anything that you do.

## Uranus, Neptune and Pluto

The placement of the 3 outer planets in the solar return chart indicates areas in your life that are likely to take surprising twists and turns, where idealism and illusion may enter your life, or where compulsive or extreme situations may arise in your life during the coming year.

### *Solar Return Uranus in 1st house:*

Uranus is in your 1st house this year. Uranus is the planet that causes us to make changes of the sudden and electric kind in our lives with very little regard as to whether we want to or not. Where matters are apt to be unpredictable, where we separate ourselves from our environment as well as attractions to the new and untried. Original ideas, awakening to new concepts and unconventional behavior highlight Uranus in the houses.

Changes in looks, surroundings and commitments take place this year and rebellious tendencies develop that are not easy to understand. Any marriage or relationship that cannot cope with changes will end, as you are seeking more freedom in your surroundings. If Uranus makes a difficult aspect while in the 1st house, you are rebellious, very impatient and totally impractical.

### *Uranus SemiSquare Neptune:*

You will feel the need to "demand" more time by yourself this year and you can easily get very tired, so take more time for rest.

It might be better to stay away from alcohol or drugs as they will have an adverse effect on you, whether they are prescription or experimental and any medication that you are taking this year may have to be reevaluated for effectiveness. Consider getting a second opinion before using any medication, or check different pharmacies for the best possible price as you can be easily ripped off.

Keep an extra set of eyes in the back of your head when dealing with taxes, insurance or any money matters, as this year is notorious for fraudulent

transactions

Remember those friends who turned out not to be your friends? Do you feel confused or disoriented? Well fear not, it is a side effect of this year. You may be put into circumstances you would rather not be under this influence, so try to keep the faith.

Financial decisions made this year may have a deceptive ring to them and when this year ends, some of your money may disappear as well. The reason they call Neptune deceptive is because you can't see it! This goes for money, taxes, insurance, groups of people and any form of escapism.

*Uranus square Node:*

STRESS has entered your life this year, so use any means to get rid of it before it gets the best of you. You will not appreciate any sexual advances made towards you this year and any assistance that is offered by others will be refused.

You may find that during this time matters of sexuality become less important to you and matters of pure intimacy without being sexually active become more important and necessary. You can also find that people can come to you for consolation and you can do so without the threat of sexual advancement on your part coming into play, instead enjoying people for their company.

Upsetting circumstances arrive in group and individual relationships and freedom will cause setbacks. Pig headedness is a negative use of this energy and arguments are a positive outlet for this energy because it gets everything out on the open.

*Solar Return Neptune in 12th house:*

Neptune is in your 12th house this year. Neptune is the Grand Master of illusion, deception, imagination and inspiration, perhaps all at the same time. Psychic and intuitive aspects can emerge from our personalities either consciously or subconsciously and new concepts that are somewhat poetic, compassionate and humanitarian can easily arise. As long as we remain realistic in our approach to life, we shouldn't encounter too many lessons though. Expect Neptune to put you through many changes of perceptions and your views or reality will be altered several times as well. Neptune is where you are vulnerable, gullible, and where mis-information, false hopes but spiritual enlightenment can be found.

This is a wonderful year for insight into your own spirituality, as compassion grows for your fellow man and solitude becomes a welcomed way of life. Be careful however not to cause your own self undoing, so keep life on the realistic

side. If Neptune makes a difficult aspect while in the 12th house, you will try very hard to avoid any responsibilities, live life through fantasy, become involved with drugs or alcohol and be your own worst enemy.

*Neptune Sesquiquadrate Node:*

There will be a strong urge to retreat from people who require your help and an avoidance of people that you do not want to meet. If you are experiencing times of difficulty, you will find the need to shun contact with others, if only to avoid a confrontation.

Tension, bad luck and disappointments can arrive in your life this year, but do not fear, because it will soon be gone!

*Neptune Semisextile Asc.:*

Relationships with the world are inclined to be very spiritual but remember that lovers aren't without their faults this year, so wake up and smell the roses.

Someone who acts as a spiritual guide can enter your life, just make sure of their credentials.

Artistic self expression is wonderful with this influence, so take full advantage of it and create a masterpiece of your own

You may have a telepathic rapport with others that may be both quite amazing and baffling, or at least a subtle awareness and communications with others.

*Solar Return Pluto in 10th house:*

Pluto is in your 10th house this year. Pluto is the master of digging down beneath the surface of who you are and bring some very powerful yet subtle changes into your life. Pluto is where your OBSESSIONS can be found this year, where your personal "power" can be found, major changes in life, and changes in life with regard to groups of people.

Manipulations and power plays found in politics, career or getting ahead in some way now and being in a position of authority can have a profound effect on you. If Pluto makes a difficult aspect while in the 10th house, then you might suffer from reversals of fortune or experience drastic changes in career.

*Pluto square Asc.:*

Secrets you may have been hiding as well as motives and activities are brought out into the open, whether you wanted them out or not, whether good or

bad.

You may experience a sort of crisis in your life this year and some conditions may come to an end. Your encounters with people will be exceptional at the least. Is your present relationship in trouble? It can pass away from you this year. Be careful not to employ underhanded tactics in dealing with others.

*Natal 4th on solar Asc:*

Most importantly, it is where you as an individual fit this year.
